EDUCATION

- Maulana Azad National Institute of Technology, Bhopal — Graduation : June 2026
  B. Tech Mathematics and Data Science Engineering — [7.65 CGPA]
- Dawale College, Akola — March 2022
  Maharashtra State Board of Secondary and Higher Secondary Education — [82.83%]
- Mount Carmel School, Akola — March 2020
  Maharashtra State Board of Secondary and Higher Secondary Education — [99.60%]

EXPERIENCE

➢ **Practical Training at Bhabha Atomic Research Centre, Mumbai** — **May 2025 - July 2025**
➢ Developed a web-based Question Paper Analysis system to classify topics, assess difficulty, and detect similar questions using semantic similarity. Used Python, Flask, PyTesseract, regex, TF-IDF, Logistic Regression, Sentence Transformers, cosine similarity, SQLAlchemy, and HTML/CSS.

TECHNICAL SKILLS

- Languages: Python, HTML, CSS, JavaScript, Solidity, C++, SQL
- Tools & Technologies: DBMS, Tableau, Remix IDE, MetaMask, Hardhat, Matlab, Excel, Flask
- Core Subjects: OOPs, Operating Systems, DBMS, Data Mining, Machine Learning
- Soft Skills: Problem Solving, Team Management, Effective Communication
- Areas of Interest: Data Science, Machine Learning, Data Visualization

PROJECTS

- **Movie Recommendation System:**

➢ Tools: Python, Pandas, scikit-learn, TMDB API, Streamlit
➢ Built a content-based movie recommendation system using vectorized metadata and cosine similarity to suggest similar films. Integrated the TMDB API to fetch dynamic movie posters and deployed the application as an interactive web app using Streamlit.

- **Pizza Sales Data Analytics Project:**

➢ Tools: SQL(MySQL Server), Tableau
➢ Built an end-to-end pizza sales analytics pipeline: extracted and cleaned sales data using SQL, performed trend analysis and KPI computation (revenue, top-selling items, peak sales periods). Developed interactive Tableau dashboards to visualize sales performance, enabling data-driven insights for marketing, inventory optimization, and business decision-making.

POSITIONS OF RESPONSIBILITY

- **Centre Head - AAROHA Society**
  – Lead operations at a center educating slum-area children in collaboration with AIIMS and IHM.
  – Coordinate events, manage volunteers, and contribute as an active educator.
- **Coordinator - Training and Placement Cell**
  – Coordinate student-placement activities and maintain recruiter communications.
  – Manage student data and assist in conducting placement drives.

ACHIEVEMENTS

- Qualified for GATE 2025 in Data Science and Artificial Intelligence.
- Completed the GOOGLE Data Analytics Certification Course.
- Secured 2nd Rank in school in 10th Grade with 99.6%
